

UNIVERSITÉ DE MONTRÉAL & GENTRIFICATION IN PARC-EX

The PARC-EX ANTI-EVICTION MAPPING PROJECT released a report providing evidence and background on the disastrous impact of the new UdeM campus in the neighbourhood of Parc-Extension. The research shows that:

- Residents are already feeling the impact of the new campus, less than one year after opening, especially (but not only) through rent increases and evictions.
- Université de Montréal has failed to take responsibility for their impact on Parc-Extension.

WHAT YOU CAN DO

1. Read about the solutions we provide to create affordable housing for everyone.
2. Help us call on Université de Montréal to offer on-campus student housing
3. Call on Université de Montréal to partner with existing community housing groups to mitigate the problems that affect Parc-Extension.

IF YOU HAVE 10 MINUTES

- Watch and share this video
- Read this graphic report
- Share them and this flyer with the following hashtags:

#CampusMIL #UdeM #Gentrification #PoIMTL #StopEvictions
Tag: @AntievictionMTL @UMontreal @MTL_Ville @recteurJutras

IF YOU HAVE LESS THAN AN HOUR

- Read the summary of the report
- Share some of the findings and solutions that speak to you, either by forwarding this flyer along by email or by sharing the information on social media

#CampusMIL #UdeM #Gentrification #PoIMTL #StopEvictions
Tag: @AntievictionMTL @UMontreal @MTL_Ville @recteurJutras

IF YOU HAVE MORE THAN AN HOUR

- Read the full report and use sections that resonate with you to stimulate a public conversation
- Let Université de Montréal know that they should use their resources and power to engender positive change in the Park-Ex
- Use some of our evidence-based suggestions in the report to draw attention to the kind of leadership you would like to see.
- Send an email to UdeM and elected officials to demand accountability
